A same bird and flow'r, — We still shall look in vain, look in vain. —

T same bird and flow'r, — look in vain. —

B same bird and flow'r, We still shall look in vain, look in vain. —

Novello, Ewer and Co.
(1860-1885)

Agnes Marie Jacobina Zimmermann (1847–1925) was born in Cologne, Germany. After her family moved to England, she enrolled at the Royal Academy of Music at the age of nine. She twice received the Kings Scholarship and made her public debut in 1863 at The Crystal Palace playing Beethoven's Emperor Concerto. After ending her studies, she performed in numerous concert tours and received international acclaim as a concert pianist. She published her own editions of compositions by Beethoven, Mozart and Schumann. She composed a number of piano pieces and vocal pieces. She died in England.

O happy rosebud blooming
Upon thy parent tree,
Nay, thou art too presuming
For soon the earth entombing
Thy faded charms shall be,
And the chill damp consuming.
O happy skylark springing
Up to the broad blue sky,
Too fearless in thy winging,
Too gladsome in thy singing,
Thou also soon shalt lie
Where no sweet notes are ringing.

And through life's shine and shower
We shall have joy and pain;
But in the summer bower,
And at the morning hour,
We still shall look in vain
For the same bird and flower

Christina Georgina Rossetti (1830–1894)

TERMS OF USE

These editions are available as a service to the choral community, offering inexpensive access to public domain literature. Choir resources can purchase other literature still under copyright, especially to support those creating and publishing new compositions and arrangements. These editions have been created using public domain sources under U. S. copyright law. Out of respect to the research, time and effort invested:

please print and issue an edition in its entirety, retaining notices, attributions, and logos.

please do not consider this edition a source for creating another edition.

If recorded, notification and attribution would be appropriate professional courtesies.
